# IMAGINING

## Araluen Primed

for people with big dreams of a more independent future

Araluen Primed offers locally-based learning opportunities that help people achieve the lives they imagine. With support offered on and off site, individuals can put their chosen goals into action in a way that best suits them. We help build emotional maturity so that better life choices can be made.

People who access Primed are part of the community. Most participants are working towards, or already in, paid or volunteer employment and all are learning to better care for their own personal and social needs.

Primed operates the Chancez Cafe enterprise providing a ready-made entry point to work after training is completed.

## Meet Luke

"My name is Luke. Coming to Primed has helped me to live my life the way that I want to. In three years, I have learnt to get around by myself on public transport, I work at two jobs – one in a café and one in a supermarket – and I am the lead singer in a rock band called Yellow Mustangs. We write and play music around Melbourne and Araluen helped us get over \$1,000 in recording grants. I am a part of a big family at Primed."

Araluen Primed is located in the heart of Rosanna within minutes of public transport.

**BEST**
